losing Isabella points)

Back -> Arms -> Ass (RPIsabella +1)

Splash her (RPIsabella +1) / Don't splash her

Take it further / Stop (ends the scene before the sex part)

< if you picked 'Take it further' >

She's nice to me / Do you like her? (better dialogue with the latter)

Make a move on her (RPIsabella +1)/ If you say so

(after that you get 2 study sessions, you can really pick whatever, with the new cheating system of the minigames the bonus is not that relevant)

(during the dialogue that follows the 2 study sessions you will get a RPIsabella +1 if you played the guitar during the previous free roam)

(next scene differs whether you're playing both Isabella and Sage routes or Isabella only, in the 1st case you'll get next the movie night scene, otherwise you'll go straight to the next day, there is no way to tell right now if romancing both Isabella and Sage will have consequences later in the story)

< if you picked Sage >

Right call (RPSage +1) / Should have shaken me

Drink / Don't drink (the latter will have you skip a lot of good content)

< if you picked 'Drink' >

Look at their asses / Ready to decide

(after you look at the asses you can pick one of those as the ugliest or say that you lie em all, the latter choice will get you a -1)

(as usual make sure to check all the sex scenes, it's worth your time)

< if you picked Derek >

(you get an additional free roam section)

--16th free roam-----

- talk to Envy, this will play differently whether you chatted with her through the Swiper app and whether she liked you or rejected you there:

- if you didn't swipe her up the scene will be cut short

- if she rejected you, you get the options:

Hey Envy / Hey Nicole (scene will end right after that)

- if she like you, you'll get the lap dance scene
 - Ask about sexting / Ask about dating
 - after the lap dance you'll find some money near the cage

 Make a move on her (this will most likely start a Jade path) / Leave

Say hi / Compliment her (RPJill +1 if not on DIK path)
 Tennis
 Positive response (RPJill +1) / Negative response

(after that you play the tennis minigame, you need to click the ball with the sign HIT, you ave about 3 seconds to do so, failure will lose you the point. the system is heavily tilted to the player serving the ball, so if you are playing the hard mode, 2 out of 3 games, Jill will always end up wining her serving game. winning the minigame will award you a special render)

(after the minigame the shower scene has different outcomes depending on your path, the scene will end early if you're on the DIK or neutral path, if you're on the CHICK path you'll get the options)

Let her shower first / Joke (RPJill +1)

< if you picked 'Let her shower first' >

< end of v0.4 >

Fight Caleb / Walk away (AFFINITY DECISION: the 1st choice will subtract one cell from the CHICK side, the 2nd one from the DIK side)

(the brawler minigame has been pretty much nerfed compared to how it was before, you have much more time to go through the combination of arrows in each step, so cheating this shouldn't be necessary at all anymore, i did it flawlessly at the 1st try)

(you get a **RPDicks +1** if you win the fight)

How is she taking it (RPJill +1) / I'll make it quixk

Get more info / Don't ask for more info (the 2nd option cuts the dialogue short)

- click on the tequila bottle to get it
- click on Camila
 - Hide your face / Ask Camila for help
 - if you picked 'Ask Camila for help'
 - Kiss her again / Leave (pick the 1st option to access Camila's sex scene)

< if you're on Sage's path >

Make her cum / Make her squirt

Tits / Ass / Both (i shouldn't even need to tell you to pick the latter)

< if you're on Josy&Maya path or if you picked 'I'll be there for you' during the previous free roam >

(scene with Maya)

Follow her / Find Maya (if you're not on Josy&Maya path no matter what you pick here)

you'll end up with a short dialogue between the MC and one of the two girls, no lewd action at all and no change in the stats either, if you're on that path instead, you can pick what sex scene to watch. as the walkthrough will point out stats with the two girls will be affected by this choice, so i'd recommend keeping around a save before this choice)

< if you picked 'Follow her' >

Take it slow (RPJosy +1) / That won't happen

I like it shaven / I prefer a bit of bush (crucial choice right there)

Reassure her (RPJosy +1) / Move on

(make sure to check all the animations of the sex scene, they're worth it)

< if you picked 'Find Maya' >

We'll try (RPJosy +1) / It just happened (RPJosy -1)

(Derek's scene: if you're not on Josy&Maya path you will get the options)

Yeah / Feelings for Maya / Feelings for Josy (picking the 1st option will most likely close any path to the two girls, still no way to tell if picking one of the other two options will keep things open with at least one of the girls)

< if you're on Sage's path and not on Josy&Maya's you get the options>

I'm sorry / It's Hell Week

I'm leaving / Mock him (RPPreps -1)

Punch him (+2)/ Walk away (-2) (AFFINITY DECISION: the 1st choice will subtract one cell from the CHICK side, the 2nd one from the DIK side)

(the punching animation is both pretty good quality wise and hilarious and you can repeat it to your heart's content)

Be confident / Be modest

Offer to drive her home / Let her take a cab home (pick the 1st option for a sex scene with Cathy. you won't be able to reach the sex part anyway if you either are on Josy&Maya path or if you didn't pick Cathy in your Swyper selection in v0.4. offering a drive to Cathy won't force you to skip the scene with Bella and Jill)

< if you picked 'Offer to drive her home', you're not on Josy&Maya path and you Swyped Cathy>

No, i want to continue / I want to end it (pick the 1st option to start the Cathy's path, this choice has consequences later in v0.7 if you are on Isabella path, cause she will know about Cathy and reject you)

< if you picked 'No, i want to continue' >

Tits / Ass

Fine / Joke

(Bella & Jill scene)

(if you picked 'Punch him' you get a RPJill -2 and a RPIsabella -2)

- play the Shuffle to win 1 \$
- open the Swyper app, you'll be able to chat with all the girls you swyped in the previous version:
 - if you chat with Catrin, the best option is to pick 1-2-2-2-2, most of the other paths will result in her dumping the MC
 - if you chat with Nicole and you don't want to be rejected just avoid picking 2 as the 1st answer, a possible combination is 1-2-2-1-1-1-2-2
 - if you chat with Ellie, pick 1-1-1-2-2-1, with Ellie you don't have a lot of margin for errors, most combinations will end up with her dumping the MC
- in the Swyper app you can now also look for new contacts, the available girls are Paula, Nora, Arieth
 - when chatting up Nora, you can pick 1-1-1-1-1-1-2-2-2-2-1-1, you can also try other combinations of answers, just make sure to pick 1 in the latest answer and to avoid the reply that mentions the DIKs, those are the only two cases that will have Nora reject the MC
 - when chatting with Arieth, pick 1-1-1-2-2-2-1, here too you can go with other combinations, mostly just avoid mentioning she might have crabs
 - when chatting with Paula, she will end up rejecting the MC anyway, and that's actually a good thing... you can try different paths with your answers, most of them are funny

--21st free roam-----

- open the phone and go to the Rooster app, you can reply to the last 3 posts there, pick whatever
- play the Brawler app to get a special render, you can play it again and choose the 1st opponent this time around to win \$
- play Shuffle to win \$

- close the laptop, go back, then click the up arrow then the door then the door on the right to go back to the library, click on the candle wick, as the 10th hint says, to unlock a render for the pack quest

- go back to the laptop, click the clock on the bottom right to unlock the last render, then click the 'Complete Quest' button to unwrap the pack. those are not the only special renders you will get from the laptop, clicking on the wallpapers icon will let you unlock more renders by clicking on them, you will most likely not be able to unlock all the renders from the laptop in one walkthrough, cause those are connected to some conditions that need to be met and depend on the paths and the scene you played till this point. here's the list of conditions:
 - * being on Jill's path
 - * being on Josy and Maya's path
 - * being on Sage's path
 - * being on Bella's path
 - * sex scene with Cathy in chapter 5
 - * sex scene with Jade in chapter 4

- * sex scene with Camila in chapter 5
- * sex scene with the HOTS in chapter 5
- * spanked Sally in chapter 3
- * sex scene with Quinn in chapter 4
- * sex scene with Riona in chapter 5
- * sex scene with Lily in chapter 5
- * successfully swiped Nicole in chapter 5

obviously if you don't want to cheat the stats you'll need 2 or 3 playthrough to met all of these conditions to unlock all the renders in the wallpaper, just remember that you have 2 chances to do so, either here or during the next DIK free roam section by going to Rusty's room and clicking on the safe

- go back from the dining room and click on Tommy to end the free roam.

Accept / It's a bit too late for that (not clear at the moment what impact this choice will have)

< if you picked 'Fight Caleb' in the previous chapter >

No i don't / Sometimes you have no choice (pick whatever)

Apologize (-2) / Trigger her (+2)

See you / Bye, Jam-Jam

< if you fucked Jade in chapter 4 >

Tease her / Don't risk it (pick the 1st obviously)

(in the gender class you may end up paired either with Maya or Sarah, the only way to get paired with Sarah is if you're not on Maya or Josy's path, you are on a DIK path and you accepted Quinn offer in chapter one to use her 'restaurant' services)

< if you're paired with Sarah >

Flirty response / Normal response (pick whatever)

Peek / Don't peek

Make a move on her / Decline (the latter cuts short Sarah's scene)

< if you picked 'Make a move on her' >

Pay her / Get it for free / Don't pay (the 1st option will cost you \$\$\$, you can get it for free if you picked 'looking at Sarah' during the 18th free roam section and you picked Sarah in chapter 4 after the 'Look at their asses' choice. no matter if you pick Pay her or Get it for free, make sure to check all the sex scene options, it's worth it. fucking Sarah will also unlock a special render)

< if you're paired with Maya >

(you play the Gender Studies minigame)

--gender studies minigame-----

correct answers: W&W, Burgers, Paris, Skinny cunt, Social anxiety disorder, Veterinarian, the last 3 answers depend on what you picked during Maya outdoor scene back in chapter 1, get all of them right to unlock a special render

< if you're on Josy & Maya path >

I like you too / That's not a question (most likely picking the 1st option will advance further Maya's path, still not clear what consequences this choice might have on Josy)

(then you have the next step of the mansion minigame, keep on following the tutorial till you end it,

after that it's a basic management game, pretty easy to get it right, just look at DIKs statistics to guess who to assign to each job. consider using the \$ you gained to buy upgrades from the right side of the screen, Dumpster is the one that makes more sense at this stage)

(if you picked 'Go see Bella' in chapter 3 or 'Make a move on her' in chapter 5 you get a Bella scene after the mansion minigame)

Agree / Joke (RPIsabella +1)

(if you didn't pick up both 'Make a move on her' and 'Go see Bella' you're not already on her path, in that case you will get the choice)

Accept / Reject (the 1st puts you on Bella path)

Good riddance (RPSage -1) / You deserve better (RPSage -1) / If you want to talk, i'll listen (RPSage +1) / Don't say anything

You move on / Get closure (pick whatever)

< if you didn't reject Sage in chapter 3 and you agreed to give her guitar lessons in chapter 2 >

Kiss her / Say good night (pick whatever, she won't let the MC kiss her anyway)

Help her / Let her go (you will have to pick the latter if you're not on a DIK path, if you're on Josy and Maya path, if you didn't use Quinn's services and if you didn't pick 'lick her' in chapter 4, that's because if those 4 switches are not all set the scene will be cut short anyway. Pick the 1st for Quinn's sex scene)

Peek / Don't peek

Compliment Josy (RPJosy +1) / Don't compliment Josy

--Math minigame-----

correct answers: c, b, a, d, b, c, d, a, b, b

use cheats if you want an additional DIK point

Lunch with Maya & Josy / Lunch with Sage & Quinn (if you're not on Sage's path go with the former, cause in that case the scene with Sage would be cut short anyway)

< if you picked 'Lunch with Sage & Quinn' and you're on Sage's path >

Agree / Joke (pick whatever)

< if you picked 'Lunch with Maya & Josy' >

(you get RPMaya +1 a if you're on Josy & Maya path or if you picked 'Feelings for Maya' in chapter 5)

Remember her / Pretend you don't (RPMaya +1) (no matter what you pick here you will get a RPMaya -1 and a RPJosy -1 if you went with 'Flirt' at the start of this chapter)

Mock her / Don't mock her

(next is a scene with Jill, the scene will be cut short if you're not on her path. to be on her path multiple conditions have to be met: you need to have picked 'I'm a nice guy' back in chapter 4, 'Take it further' in chapter 5, and either have picked 'Kiss her' in chapter 4 or being on a CHICK path)

< if the conditions explained above are met, you get the options >

Yes / You can do better (pick whatever)

Peek (RPJill -1) / Don't peek

Choose a different song / Both songs sound good (not clear at the moment what impact this choice might have)

(then you have the next step of the mansion minigame, if you did this right in the 2nd step, and right

here would be collecting scores at least equal to those that you got following the tutorial in the 1st step, you should have gained at least 3\$ and at least another 60 experience points. if you did, you can keep on playing the 3rd step following the same strategy, if you didn't you can consider going back to step 2 and follow the strategy explained in the tutorial. with the 3\$ or more you have gained you should buy at least 2 upgrades, getting Dumpster to level 3 makes sense, you can buy Experience with the other \$. you can also spend more money for the upgrades worth 5\$, one or 2 of them, specially to upgrade making money through job stats, so that the DIKs can start taking up jobs worth more than \$1/worker and make money quicker)

(next is a cleaning scene that can play in 3 different ways:

1. with Bella, you will be able to see that scene if you're on her path, the conditions for it were already explained during the Accept/Reject choice earlier in this chapter
2. with Josy and Maya, the problem here is that you cannot be at the same time on this path and on Bella's, cause if you're on Bella's you will be automatically directed to her scene, so to see Maya and Josy cleaning scene you need not to be on Bella's path, to be on Josy and Maya's path and to have picked Lunch with 'Maya and Josy' during one of the previous scene
3. the MC alone if you're not on either Bella's or Maya and Josy's path)

< if you're on Bella's path >

[Sneak a peek](#) / [Don't peek](#)

(next is a path minigame to win a special render, the game is a bit buggy, so be slow when moving the mouse to the starting spot of the path or the game will give you a fail without even letting you play)

< if you're on Bella's path >

(Bella sex scene, make sure not to miss this one cause it has one of the best boobjob scene i ever watched in porn games)

Stroke her hand ([RPIsabella +1](#)) / Leave

Study math / Study gender studies (not a big difference there)

< if you picked 'Study math' >

(dialogues here will change slightly depending on how you fared in the Math minigame of this chapter, if you followed this walkthrough and aced the test, pick Left then Right, to answer the questions here)

--22nd free roam-----

- open the phone, reply to Dad
- you can reply to the 2 latest Rooster posts, pick whatever
- play the Brawler against the 2nd opponent to get a special render
- play the Shuffle to win \$
- open the Swiper app, you can swipe up Micha:
 - in the end it's the fattie Ida catfishing again, the funniest dialogues can be had by picking 1, 1, 1, 1, 2, 2, 1, 1
- you can also chat with Catrin on Swiper if you weren't rejected by her in the previous chapter, no matter what answers you choose though she will still go back to her ex-bf
- close the phone
- click on the laptop on the table, the number 6 will be highlighted during the MC's monologue, you will need that later for the Vault
- you can click on the yellow book bottom left of the table, if you're on Jull's path you will get the options
 - Put a note in it / Leave

< if you picked 'Put a note in it' >

Cute note / Corny note (no matter what you pick here, leaving a note will get you a **RPJill +1**)

- click the down arrow to start the free roam
 - click on Karen for a short scene, dialogues will vary depending on you being on a DIK or CHICK path
 - go down to access the shelves area, click the 1st up arrow from the left and Bella to start a scene
Joke (this will give you a **+1** and a **RPIsabella -1** if you're on a DIK path) / Don't joke
 - go back, then left then right and click on the wheeled shelving to start the library minigame
 - the library minigame has a different structure from the ones played before, cause there's a total of 11 books but you only need to put 5 on the shelves and the books are randomized in each playthrough, anyway, no matter what books you need to put in place, you just need to go through each shelf and hover the mouse mid-way through each row of books till you get a white dot, the hidden button you need to click, i needed just a few mins to get it right with no need to check the script, so you can do it too just as quickly. completing the minigame will get you 2\$ and a **RPIsabella +1**
 - go back to the shelves area, click the 3rd up arrow from the left to talk to the nerd, do this only if you want to buy cheats, you won't need to if you follow this walkthrough
 - go back and click the last up arrow from the left for a short scene with Sally
 - go back then 2 times left then click the 2nd up arrow from the left for Maya's scene
< if you're on Josy & Maya's path >
Flirt (**RPMaya +1**) / Leave
< if you picked 'Flirt' >
Yes / No (not clear if this choice will bring to an outdoor sex scene with Maya in the future)
Go further up (**RPMaya +1**) / Remove hand
 - go back then click the 1st arrow from the left for Jill and Josy
 - go back, then right then click the 1st arrow from the left for Wendy's scene
Yes / No (pick the 1st if you want the MC to help Wendy, not clear at this point what consequences this choice will have)
< if you picked Yes >
Derek's special / Don't take it personally (pick whatever)
 - go back, click the 2nd up arrow from the right for Sage's scene
Peek / **Don't peek**
 - call Derek on the phone for a Bella's scene
You're too harsh (**RPIsabella -1**) / Im' sorry (**RPIsabella +1**)

(next is Dungeons and Gremlins scene, if you lose too many points while playing the scene will be cut short)

Attack with guitar (-1) / Play a song (-1) / Take a cover behind Sally / Charm the goblin

Play a song / Attack with guitar (-1) / Throw Sally into the bush / Use charm

Play a song / Attack with guitar (-1) / Use charm

< if you picked 'Use charm' >

(if you're on a DIK path you get the option)

I seduce her / I ask her for secrets (pick the 1st for Quinn's short sex scene, if you do though you won't be able to solve all the minigames in the scene, you will need the secrets for the fortress scene later on)

Fruit shop / Pottery / Blacksmith / Tavern / End exploration (you can try all the options one after another)

< if you picked 'Fruit shop' >

Talk to the merchant / Buy an apple / Talk to Maya / Charm Maya / Charm the merchant / Leave (you're allowed to perform multiple actions here, so start with talking to Maya, you can then charm the merchant to watch a short sex scene with Katie, you will only be successful and get to the sex if you charmed Quinn in the previous cene, in any case, chaming the merchant will always have the effect of reducing from 50 to 30 silver the price to get infos from her. if you charmed Quinn before you won't be able to charm Maya now, so you better get to both scenes in 2 different playthroughs, one for Quinn and Katie and another for Maya. also, charming Maya will only work if you're on Josy and Maya path. after you're done charming, you can pick Talk to the merchant. finally buy an apple)

< if you picked 'Charm Maya' and you're on Josy and Maya's path >

Stop / Fantasize some more (the latter obviously)

< if you picked 'Talk to the merchant' >

I give her a low five (RPMaya +1)(RPJill +1) / I slip her some money (this will unlock one of the possible endings) / Go back

< if you picked 'Pottery' >

Talk to the craftswoman / Talk to Josy / Buy something / CHarm the craftswoman / Charm Josy / Leave (this works exactly like the previous one, start by talking to Josy, then you can talk to the craftswoman, then charm the craftswoman and it will only wotk if you charmed Quinn before, and if you did you won't be able to charm Josy now, also you will fail with Josy if you're not on Josy and Maya's path)

< if you picked 'Blacksmith' >

Talk to the blacksmith / Talk to Jill / Buy lockpicks / Charm the blacksmith / Charm Jill / Leave (this works exactly like the previous one, start by talking to Jill, then you can talk to the blacksmith, then charm the blacksmith and it will only wotk if you charmed Quinn before. when you do, you will be offered to trade the guitar for a weapon, you better keep the guitar cause trading for a weapon will only cost you game points. after that you can charm Jill, as usual you will fail if you charmed Quinn beforea, also you will fail if you're not on Jill's path, finally buy lockpicks)

< if you picked 'Tavern' >

Talk to the bar maiden / Talk to the wenches / Talk to the lowlifes / Leave

< if you picked 'Talk to the bar maiden' >

Ask her about the ice queen / Ask her about lowlifes / Buy a mug of mead /

Charm the bar maiden / Leave (you can try all of the options, as usual you will only be able to get to the sex scene if you seduced Quinn before)

< if you picked 'Talk to the wenches ' >

Ask them about the ice queen / Ask them about lowlifes / Charm the wenches / Leave (the sex scene with the wenches will cost you 70 silver, obviously if you bought the lockpicks before you won't have enough, if you don't want to waste time cheating on stats here just go to the tavern as your 1st step, watch the sex scene with the wenches then roll back and save your silver. make sure to ask all the possible questions to the wenches, you will need info to guess who among the lowlifes is the one telling the truth)

< if you picked 'Talk to the lowlives' >

How do i defeat the ice queen / How much have you had to drink / Who has the biggest dick / Are you regulars here / Done (ask all the questions from the 1st to the last, then when you click done you will get to the options)
Dawe is telling the truth / Anthony is telling the truth / Alex is telling the truth (this minigame is randomized, the infos you get from the bar maiden and the wenches will vary every time you play this, so you need to check carefully for infos about the lowlives being regulars, how much they have been drinking and the biggest dick and confront those with what you get from the lowlives, usually the info about how much they drank is the most usefull, if the bar maiden tells you they are sober then Dawe is telling the truth, if she tells you they had 2 at the most then it's Anthony, if she tells you they've been drinking a lot it's Alex. after you're done with this click Leave then End exploration)

Fortress gate / Sewers (you won't be able to pick 'Fortress gate' if you didn't trade the guitar for a weapon, you won't miss a lot anyway, only risk a game over, anyway it's worth watching this scene if you like picking on Sally)

< if you picked 'Fortress gate' >

Attack stunned guard / Attack enraged guard (-1) / Sneak around guards (-1) / Hide behind Sally
Attack the lesser guard / Attack the enraged guard / Throw Sally at the guard

< if you picked 'Sewers' >

Sneak by / Throw rock (-1) / Play a song (you need to have the guitare to pick the latter, doing so lets you jump the scene with the sewers monster taking away the risk of losing points there, anyway the scene is pretty funny, it's worth checking it)

< if you didn't pick ' Play a song' >

Attack the monster / Charm the monster (-1) / Play a song (pick the latter)
Attack the monster / Run away (the 1st results in a game over)

Go upstairs / Walk around the corridors / Go downstairs (it makes sense to go downstairs first, then through the corridors to examine the small door, then upstairs and finally to the throne room)

< if you picked 'Go downstairs' >

Ask why she's stuck / Help her get unstuck / Leave (pick the 2nd,you will have a different scene depending on you being on a DIK path or not, if you are the scene will be more entertaining. in any case this scene will also give you a special render)

< if you picked 'Go upstairs' >

Pick the lock / Pour acid on lock / Go to ground floor (if you followed this walkthrough you'll be able to pick the lock)

< if youpicked 'Pick the lock' >

Talk to Nadia / Rescue Nadia / Leave (you can talk to Nadia and try to rescue her but you will fail no matter if you don't have the wand, the acid pot and the lockpicks, the best startegy to achieve this is to buy the lockpicks from the blacksmith, solving the lowlives minigame to access the small room and getting the pot and the wand there)

< if you picked 'Rescue Nadia' and you fulfilled the 3 conditions above >

(sex scene with Sage, you won't be able to access it if you are not on Sage's path or of you didn't seduce Quinn. following this route brings to a different ending, the MC escapes with Nadia but gets eventually killed by Quinn)

< if you picked 'Walk around the corridors' >

Inspect the small door / Inspect the royal door / Leave

< if you picked 'Inspect the small door' >

(you will be able to enter the door if you guessed right in the taver with the lowlifes)

Inspect the buttons / Inspect the pool / Inspect the wand / Leave

< if you picked 'Inspect the buttons' >

(you won't be able to solve this if you seduced Quinn instead of asking her for secrets, solving this minigame will grant you the opportunity of grabbing one of the items you didn't buy in the village, lockpick, apple, pot or mead)

< if you picked 'Inspect the pool' >

Put you hand in it (-1) / Fill the pot / Leave (obviously the 2nd won't be available if you don't have a pot)

< if you picked 'Inspect the wand' >

I take the wand / Use on the apple (depending on what ending you want to achieve you can go with the 1st or the latter)

< if you picked 'Inspect the royal door' >

Enter the door / Not yet (pick the 1st if you've already done everything else)

< if you picked 'Enter the door' >

I Kneel / I refuse to kneel (the latter will bring to the battle against the ice queen, you will end up losing the battle and dying unless you either have the pot with acid in it or the magic wand)

< if you picked 'I refuse to kneel' >

Throw apple/ Use wand / Throw pot / Drink Mead / Sing a song (only the 2nd and the 3rd choices can avoid the bad ending. there are 3 possible endings to this, the 1st one is the bad ending where everybody gets killed by the ice queen, the 2nd is the one achievable by using the magic wand and that will have the MC breaking the curse of the ice queen and becoming her king, the 3rd one has the ice queen dying and the MC ending up with princess Nadia. pick the 2nd option to get the 2nd ending, you will also need the secret told by the merchant after you slip her money to succeed. pick the 3rd for the 4th ending)

< if you picked 'I kneel' >

Princess Nadia / Attack her / Charm her / The glyph (pick the latter)

< if you picked 'The glyph' >

Give her pot / Give her apple / Give her mead / Play a song / I have nothing more (you can perform 4 actions: give the ice queen an empty pot, give her an apple after you used the wand on it, give her mead and play her a song, you will need to perform all of them in order to reach the alternative ending to the final battle, in this ending the MC will join the ice queen becoming the ice king)

Just say something / [Take her hand](#) (-2)

(the next scene in the car is funnier if you chose not to tell Derek about Jade and so have him bang the granny)

(next if you're on Josy and Maya's path you will get to help them with their list,)

< if you are on Josy & Maya path >

Ask Maya to do it / Ask Josy to do it (obviously make sure to check both)

(next is a scene with Lily that will be cut short if you either are not on a DIK path or you are on Josy & Maya's path)

< if above conditions are fulfilled >

Do it / Pass

can change them at any time during the minigame. be aware though that the choice on the activities has an effect on the scene that you will be able to play in the episode)

--Party planning minigame --

first follow the tutorial that explains how to play pretty well, then, when you get to the actual game, the positions of the DIKs on the board may not always be the same, so you might get luckier with their placement or not, but in any case it will be impossible to fulfill all the requirements for each DIK.

to get the highest score you'll need to score more than 90K at the end of the party, with the score depending on the level of satisfaction reached. that is calculated keeping many factors in count, the most important of those are:

- how many activities you have planned for the party (usually the more \$ they cost, the more they will add to the level of satisfaction of the DIKs)
- how many needs you have satisfied for each DIK
- how many special needs you have satisfied for each DIK
- how many active items you managed to insert in the grid
- how efficient you were in placing the items (i.e. how many DIKs share the same item on the grid)
- how high is your current multiplier

when you click on the DIKs, you will see that some of them may have requirements that cannot be fulfilled due to the combinations of their position on the grid and the needs for items to be activated coupling them with other items, in those cases you can choose to go back and pick either the perk that lets you use beer without cups or that for food without trashcans.

consider also the fact that if your strategy is to have as many activities as possible, you'll most likely be forced to pick Crowdfunding as your perk to have more money available at the start.

you also have a bonus that lets you add 2 items for free to your stack, since drugs and kegs are some of the costly items to buy, you may consider choosing those 2 as the bonus addition before the game starts. on the other side you can also try to stay away from all the items that cost more than \$2 and add food and liquor instead, that makes sense if you went for activities and are already short of money. make sure to use all the money you have cause you cannot bring it over to the next step of the minigame.

as explained in the tutorial, try to position the items in cells close to 2 or more DIKs so that they will share resources: that'll make you save both \$ and space on the board and also add points to your final score.

you should give it a few tries and see how you get scored right off the bat, Tommy first comment at the end of the minigame will tell you that: if he calls your planning 'shitty', you'll know you have to go back and modify your strategy

(when Tommy is about to go out of the room, click on the magazine on the floor to unlock a special render)

Don't count on it / Maybe / Joke (pick whatever)

(next during the flashback you may get a sex scene with Jade, providing that 3 conditions are met:

Don't stop her / Keep it together (pick the first for the sex scene)

(when the scene switches out from the close-up of the MC and Zoey, click on the magazine under the bench on the right to unlock a special render)

I'm mad / I'm not mad (this is an important decision if you are on the single path: on all the other branches picking one or the other will just change a few line of dialogues and add one task in a free roam section, but on the single path picking 'I'm not mad' adds a scene with Zoey at the end of this chapter, and most likely makes her a potential LI)

Yes / No (no way to know if this decision about Derek's friendship will have any repercussion later)

- if you are on Isabella path you will end the freeroam here by going back to the MC room and clicking on the window

(during the flashback, the scene will play differently depending on the MC having dated both Isabella and Jill in the past)

I feel the same (RPIsabella +2) / That's nice

Kiss her / Hug her (obviously the first)

Scary / Hot / Joke (pick whatever)

Behave / Touch them (touch them !!!)

Kiss / Fondle / Behave (you should have guessed this is not the time to behave)

Fondle / Behave (as before)

Underdressed / Hot / Joke / Dodge the bullet (RPIsabella +1) (the last option is only available if you have a CHICK affinity)

the first party event will play in two different ways depending on your choice between body shots and drinking competition. apart from the different scenes, having chosen the body shots will increase the DIKs happiness level by 3 instead that by 2 in the planning minigame

< if you chose the body shots >

Accept / Refuse (pick whatever)

Body shots with Becky / Body shots with Tiffani (not sure if this choice will have any ramification outside of this event, i think you can safely try both choices, the big difference here is that you cannot win this competition while picking Tiffani... well actually you ain't winning the competition anyway since DPC forgot to assign one competition point to the 'Focus' choice, so you'll always end up 1 point short, you can fix that by opening the console and typing
- \$ tmpInt = 3

right after you pick 'Focus')

Transfer shot / Spill shot / Enjoy it too much (pick the 1st to gain points for the competition, the third choice increases a variable if you are not on the single path, most likely that variable could get you into troubles with the LI you chose if it gets high, so i'll be calling it the cheating variable from now on)

< if you picked Becky >

Pour fast / Pour slowly (pick the first to gain a point)

Focus / Drop the shot (the latter loses all the points)

< if you picked Tiffani >

Try to ignore it / Greet Tiffani's hole (the latter will also increase the cheating variable if you're not on the single path)

< if you chose the drinking competition >

Becky / Christie / Kylie / Too close to call (with this choice you can decide the winner of the contest, if you are on a DIK affinity path it is also possible to force a tie with the next choices)

Hype the crowd / Hype Becky (will make Becky win) / Hype Christie (will make Christie win) / Hype Kylie (will make Kylie win) / Neg Becky / Neg

Christie / Neg Kylie (will make Kylie win)

- if you have a DIK affinity you get the option

Spilling doesn't disqualify / Hype the crowd (the first forces a tie)

- if Becky is the winner you get the options

Neg Becky / Whatever you say (pick whatever)

- if you're not on Isabella path, go to Derek's room to end the free roam

< if you are on the single path >

(you will then have the chance to message multiple girls:

- to have Envy you need to have successfully swyped Nicole in v0.5

- to have Jade you need to have not rejected her

- to have Quinn you need to have picked 'Help her' back in ep6

- to have Lily you need to have picked 'Join her' in ep7

- to have Riona you need to have had sex with her during the 29th free roam

you can text all the girls you find in the list, one after another)

< if you are on Sage's path >

How did you know / I'm not wearing pants (pick whatever)

Sexy / **Whore** / Slut (pick whatever)

Your last name / Your brother / Your mom // Your dad (pick all of them one after another)

Go with Maya (**RPMaya +2**) / Go with Josy (**RPJosy +2**)

< if you picked 'Go with Josy' >

Try to look away / Check her out (the latter)

< if you picked 'Go with Maya' >

< if you picked 'Sit silent and watch' >

(right at the start of the next scene with the HOTs arrival, at the moment when Sage calls for the

MC, look on the right side of the floor right above the pumpkins, click on the magazine to unlock a special render)

< if you are on Jill path you get the options >

Take it wasy / Joke

< if you're not on Jill path you get the options >

Nice costume / You look hot / Where's your costume? (pick whatever)

< if you're not on Josy & Maya path you get the options >

Don't fight tonight / Anyway (the first makes it clear something would happen between Josy and Maya, not during this chapter though)

< if instead you are on Josy & Maya path you get >

Notice Josy's hairstyle (RPJosy +2) / Notice Maya's hairstyle (RPMaya +2) / Notice their hairstyles (RPJosy +1)(RPMaya +1) (by the system point alone in the last two scenes, it is clear that something has to happen between Josy and Maya even in the scenario where the MC is dating them both, so maybe be careful in keeping a balance on their points if you want to keep the 3some going)

(the next short scene with Jill will play in five different ways depending on:

- the MC being in a relationship with Jill
- the MC having broken up with her
- Jill having seen the MC with Isabella
- Jill having rejected the MC
- the MC never having dated Jill

if you are on Isabella path you will get the options)

Followed my heart / Couldn't choose both

< if you picked 'Couldn't choose both' >

Kiss her back / Stop (this choice only modifies a few line of dialogues in this chapter but could potentially start a 3some path in the future, it would make little sense to have it just to cause a bad ending)

Hot / Fun costumes

< if you picked 'Hot' >

You're killing me / I prefer the front

< if you picked 'You're killing me' and you have a DIK affinity>

Grab asses / Don't grab them (the first will increase the cheating variable counter if you're not on the single path)

OK (RPDicks +1) / She doesn't need it

Nice hair / Tease / I recognize that outfit / Flirt (the latter gives you a +1 if you have a DIK affinity)

Flirt / Tease / Compliment her

< if you picked 'Tease' >

Kiss / Don't kiss (the first will increase the cheating variable counter if you're not on the single path)

Cute costume / Compliment her / Joke (pick whatever)

Offer your clothes / Leave her hanging (the first might open the door to more scenes with Sally in the future)
after the end of the event click the mid of the bloody hand over the bathtub to activate the 2nd button of the pack quest, you can now go on the Pack Quest app and unlock the renders
- go to Tommy's room, click on the person passed out on the couch, you'll see the number 2 highlighted in green, you can now open the Vault app and insert the combination 4-2-3-2 and unlock the special renders
- go back to the main hall
if you are on the single path you can click Quinn to start an event
if the MC has fooled around during the party you get the choices
Convince her / I'll find someone else
if the MC has saved himself for Quinn you get
Saved myself for you / I'll find someone
in both cases the 1st option starts a sex scene with Quinn
< if you picked the 1st option >
End freeroam / Not yet (in the single path you have four different ways to end the freeroam:
 - you can do it here with Quinn
 - you can go to the kitchen and end it with Sarah and Melanie
 - you can click on Lily in the main hall for her and Nicole
 - you can go on the left door up the stair to Maya & Josyin the first three cases you end the night with a sex scene with the girl of your choice, in the latter you just end the freeroam)
- if you're not on the single path
go up the stairs and to the door on the left, click on Josy & Maya to end the freeroam
if you are on Sage or Jill or Isabella path and you dated Josy & Maya before, here you get the breakup scene with them

< if you are on the single path and picked 'End freeroam' with Quinn >

(you can try all the options in the sex scene, it makes no difference what you choose)

< if you are on the single path and picked 'End freeroam' with Lily and Nicole >

(the sex scene with Lily and Nicole will unlock a special render)

(during the next morning scene, you get

Spoon Nicole / Spoon Lily / Don't spoon (you need to have successfully swiped Nicole back in ep5 to have option 1 active and you need to have played the sex scene with Lily in ep7 to have active option 2. choosing 'Spoon Lily' here unlocks a special render)

< if you are on the single path and picked 'End freeroam' with Sarah and Melanie >

I wanna fuck you / I wanna fuck your asses (obviously make sure to check all of the options that will be presented to you during the sex scene)

< if you are on the single path and picked 'End freeroam' by talking to Josy and Maya >
Join them / Take the couch (the first option sets a flag that could in the future bring events with the girls that the MC found in his bed)

< if you are on Sage path >
Bathroom upstairs / Bathroom downstairs (pick whatever)
Upstairs hallway / Dining room (pick whatever)
(during the sex scene if you have a DIK affinity you get the option to choke Sage)
5 out of 5 / 4 out of 5 (pick whatever)
Likely / I prefer vanilla (this choice will most likely decide what kind of sex scenes you'll get with Sage moving forward)

< if you are on Bella path >
(playing through the sex scene with Bella awards you 1 special renders)

< if you are on Jill path >
(during the 'Standing' position with Jill, after she says:
' Yeah... if he keeps this up for a minute or so, i might... '
click just once and wait for about a minute, Jill will reach her orgasm)
(playing through the sex scene with Jill awards you 2 special renders)
You'll get there / I wish you were (pick whatever)
(if you were rejected by Ida on Swyper you get the options)
She's lying / It's my fault / I Don't know (RPJill -1)
Tell Jill what you saw / Don't tell Jill about Matthew (not clear how important this choice will be in the future)

< if you are on Josy & Maya path >
(at the end of the sex scene with Josy & Maya, those two will recount the times they had sex with the MC:
- if you had more sex scene with Maya than Josy, here you get
(RPJosy -3)(RPMaya +3)
- if you had more with Josy than Maya, you get
(RPJosy +3)(RPMaya -3)
- if it's an even count
(RPJosy +3)(RPMaya +3)
as already said, the fact that the script keeps on insisting so heavily on Josy & Maya points and giving negative so often makes me think some drama with the two of them is about to happen, so try keeping those score balanced.
playing through the sex scene with Josy & Maya awards you 4 special renders)
It's all about opportunities / Bad to keep count (RPJosy +1)(RPMaya +1)
Hug Maya (RPMaya +1) / Let her get out of it

(at the end of the day you get the evaluation for the party planning game, a minimal effort to play should get you at least a B, if you followed the tips here you should have gotten A or S.
you can also select 2 bonus for the next round that will happen in ep10)

(right before the ending, when the slide of screens of the new day starts, click the magazine under the leg of the ninja to unlock a special render)
